**AUTHORITY OF ROCK ISLAND COUNTY, ILLINOIS OR QUAD CITIES INTERNATIONAL AIRPORT**  
**("AUTHORITY") PURCHASE ORDER:**

- 1. CERTIFICATION.** Contractor represents and states that Contractor and its trustees, officers, agents or employees are not involved in and do not have knowledge of collusive activity pertaining to this Purchase Order or any goods, parts, equipment, materials, products, merchandise, substances or items (collectively referred to hereinafter as "goods") or services included herein.
- 2. ACCEPTANCE.** The quotation shall be valid for a period of forty-five (45) days, and in the event the Authority accepts the proposal, the Purchase Order is entire agreement between the Authority and Contractor, and acceptance of this Purchase Order by acknowledgment or commencement of performance shall be unqualified except to which any further directions or specifications are included in a Scope of Work agreed upon by the Authority and Contractor and incorporated herein and qualify Contractor's performance hereunder. This Purchase Order and the Scope of Work, if any, shall be considered the Contract Documents and be used interchangeably with the term "Purchase Order" below. Additional or different terms proposed by contractor, or any provision in any form of acknowledgment used by contractor, other than that furnished by the Authority and attached to this Purchase Order, which modify, conflict with or contradict any term of this Purchase Order, are expressly not assented to and shall have no force and effect. To the extent this Purchase Order is construed as an acceptance, the Authority's acceptance is expressly conditioned upon Contractor's assent to any additional or different terms contained herein. If terms on this Purchase Order do not appear on or agree with Contractor's invoice, contractor agrees that the Authority may change the invoice to conform to this Purchase Order and make payment accordingly.
- 3. INCLUSIVITY.** It is the policy of the United States Department of Transportation ("DOT") that minority or disadvantaged business enterprises as defined in 49 CFR Part 23 ("DBEs") shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with Federal funds under this Purchase Order. - 4. EQUAL OPPORTUNITY.** Contractor understands that the Authority in the operation and use of Airport facilities, is committed to an affirmative action program and will not, on the grounds of race, color, religion, sex, or national origin, discriminate or permit discrimination against any person or group of persons in the manner prohibited by Part 21 of the U.S. Department of Transportation Regulations. Contractor represents and warrants that it has an Affirmative Action Plan to the extent required to comply with the Federal rules and regulations of the Equal Employment Opportunity Commission and the Office of Federal Contract Compliance. Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or termination; rate of pay or other forms of compensation; and selection for training. Contractor agrees to post in conspicuous places available to employees and applicants for employment, notices summarizing the provisions of this Equal Opportunity Clause.
- 5. PRICE.** The Authority shall not be billed at prices higher than stated on this Purchase Order unless otherwise agreed to in writing and signed by the Authority. Contractor represents that the prices charged for the goods or services covered by this Purchase Order are the lowest prices charged by Contractor to buyers in a class similar to the Authority under conditions similar to those specified in this Purchase Order and that prices comply with all applicable government regulations in effect at time of quotation, sale or delivery. Contractor agrees that any price reduction made for goods or services after the placement of this Purchase Order will apply to this Purchase Order.
- 6. CHANGES.** The Authority reserves the right, at any time, to make changes in any one or more of the following without notice to any sureties or assigns: (a) goods to be furnished or services to be performed; (b) methods of shipment or packing; (c) place of delivery; (d) time of delivery; and (e) testing designations, specifications or designs. If any such change causes an increase or decrease in the cost of, or the time required, for performance of this Purchase Order, an equitable adjustment shall be made in the Purchase Order price or delivery schedule, or both. Any claim by Contractor for adjustment under this paragraph shall be deemed waived unless agreed in writing ten (10) days from receipt by contractor of the change. Price increases or extensions of time of delivery shall not be binding on the Authority unless evidenced by a written amendment to this Purchase Order issued and signed by the Authority.
- 7. SERVICES.** Contractor shall perform the services described in this Purchase Order. Contractor warrants that all services hereunder shall be performed in a workmanlike and conscientious manner and in compliance with applicable laws and regulations. Contractor shall supervise all work performed in connection with the services so that it is performed in a safe and expeditious manner. Contractor shall be solely responsible for the performance of its employees and its subcontractors' and suppliers' employees. Except as otherwise directed by Authority, all materials incorporated into the Work shall be new and of high quality. Contractor shall follow all manufacturer instructions and recommendations.

- 8. DIRECTION BY THE AUTHORITY.** Contractor and Contractor's employees shall be subject to the general guidance of Authority Project Manager(s) (if applicable) designated herein or any successor. It is agreed that all of Contractor's employees are employees of Contractor and not of the Authority. The Authority shall have the right to require that Contractor reassign any of Contractor's employees assigned to the Authority's project. No action or failure to act by the Owner or Contractor shall constitute a waiver of a right or duty afforded them under this Purchase Order, nor shall such action or failure to act constitute approval of or acquiescence in a breach there under, except as may be specifically set forth in writing.
- 10. AUTOMATED CLEARING HOUSE (ACH) AND ELECTRONIC FUNDS TRANSFER (EFT).** [Reserved.]
- 11. REIMBURSEMENT FOR EXPENSES.** Unless expressly stated herein, the Authority shall not be responsible for reimbursing expenses incurred by Contractor or subcontractor(s). - 12. EQUIPMENT AND SUPPLIES.** Except as otherwise agreed in writing by the parties, Contractor shall supply the necessary equipment, tools, supplies, and other items ("equipment and supplies") necessary to perform the services or provide the goods. If Authority provides equipment and supplies, Contractor shall be responsible for the maintenance and security of such equipment and supplies and shall be responsible for any loss or damage caused by the negligence or misuse by contractor or contractor's employees. Contractor shall return all equipment and supplies supplied by Authority within twenty-four (24) hours after completion of its use.
- 13. CONTAINER REFUNDS.** Where the goods or services provided include container deposits, Contractor agrees to refund to the Authority an amount equal to the price charged for any returned spools, reels, barrels, drums or any other type of containers upon return by the Authority or on its behalf by Contractor.
- 14. PACKING, TRANSPORTATION, ETC.** Contractor shall pack, mark and ship all goods in accordance with the requirements of the common carrier(s) so as to secure the lowest transportation costs. No shipping costs shall be billed/charged to the Authority unless otherwise stated in this Purchase Order. No costs shall be charged for packaging, boxing or storing unless authorized by the Authority in writing. Contractor shall properly mark each package with the Authority's Purchase Order number and address. Where multiple packages comprise a single shipment, Contractor shall consecutively number each package. Purchase Order numbers and package numbers shall be shown on all packing slips, bills of lading, invoices and correspondence.
- 15. DELIVERY OF GOODS AND SERVICES.** Time is of the essence in this Purchase Order and if rendering of services and delivery of goods is not made at such time and in such quantity as provided in this Purchase Order or in supplemental schedules furnished by the Authority, the Authority reserves the right, without liability and in addition to its other rights and remedies, to terminate this Purchase Order in whole or In part by notice effective when received by Contractor, for stated goods not yet shipped or services not yet rendered and to purchase substitute goods or services elsewhere and to charge Contractor with any loss incurred. Contractor agrees that the Authority may return all or part of any shipment so made, at Contractor's risk and expense, and may charge Contractor with any loss, expense or injury sustained as a result of such shipment.

If at any time either party has reason to believe that delivery will not be made as scheduled in this Purchase Order, it shall immediately give written notice to the other and set forth the cause of the anticipated delay. Any goods shipped or received in advance of schedule or in excess of quantity ordered, may be returned by the Authority to Contractor at contractor's risk and expense. Any goods to be delivered or services to be rendered in installments under this Purchase Order shall not be construed as making the obligations of Contractor severable.

- 16. PREVAILING WAGES.** The Contractor shall pay prevailing wages in accordance with and shall fully comply with all requirements of the Prevailing Wage Act, 820 ILCS 130/0.01, et seq. This Agreement calls for the construction of a "public work," within the meaning of the Illinois Prevailing Wage Act, 820 ILCS 130/.01 et seq. ("the Act"). The Act requires contractors and subcontractors to pay laborers, workers and mechanics performing services on public works projects no less than the current "prevailing rate of wages" (hourly cash wages plus amount for fringe benefits) in the county where the work is performed. The Department publishes the prevailing wage rates on its website at <http://labor.illinois.gov/>. The Department revises the prevailing wage rates, and the contractor/subcontractor has an obligation to check the Department's web site for revisions to prevailing wage rates. For information regarding current prevailing wage rates, please refer to the Illinois Department of Labor's website. All Contractors, Subcontractors, and sub-subcontractors rendering services under this Agreement must comply with all requirements of the Act, including but not limited to, all wage requirements and notice and record keeping duties.
- 17. CASH ON DELIVERY (C.O.D.) SHIPMENTS.** Shipments sent C.O.D. without the Authority's written consent will not be accepted and will be returned at Contractor's risk and expense.
- 18. INSPECTIONS AND CORRECTION OF WORK.** All goods, equipment and services shall be subject to inspection and approval by the Authority. The Authority reserves the right to reject and refuse acceptance of goods, equipment or services which are not in accordance with the instructions, specifications, drawings, samples, data and/or descriptions specified or furnished or with Contractor's warranty (express or implied). The Authority may charge Contractor for the costs of inspecting goods, equipment or services rejected. Unacceptable work, whether the result of poor workmanship, nonconformity with the Purchase Order, use of defective material, damage through carelessness, or any other cause, found to exist prior to the final acceptance of the work, shall be removed immediately and replaced in an acceptable manner by Contractor at its expense. Receipt of or payment for any goods, equipment or services ordered hereunder shall not be deemed an acceptance thereof.
- 19. AUDIT POLICY.** The Authority, or a representative of the Authority, reserves the right to audit Contractor and/or contractor's subcontractor performing the Purchase Order(s), and Contractor hereby agrees to fully cooperate with any reasonable request from the Authority relating to such audit.
- 20. TIME OF PERFORMANCE.** The times of performance for the services under this Purchase Order shall be as specified herein. Contractor recognizes that the time of performance is a critical term and that "time is of the essence" under this Purchase Order. Failure to timely meet the required performance schedule may result in immediate termination of this Purchase Order by the Authority in addition to any other rights the Authority may exercise for Contractor's breach of contract or for other losses arising as a result of such failure. If by reason of act of God, winds, fires, landslides, floods, droughts, famines, insurrection, military action, sabotage, civil disturbances, explosions or failure of utilities, Contractor is unable to carry out its obligations herein contained, Contractor shall not be in default during the continuance of such inability, notwithstanding the above provisions. Contractor shall, however, remedy with all reasonable dispatch the cause or causes preventing contractor from carrying out its obligations hereunder.
- 21. WARRANTIES FOR GOODS.** In addition to its standard warranty and/or service guarantee, Contractor warrants that all goods shipped are free from all defects and conform strictly and in all respects to the instructions, specifications, samples, data and/or other descriptions specified or furnished. This warranty shall survive any inspection, delivery, acceptance or payment of or for the goods and/or services by the Authority. Notification of breach of any such warranty may be given to Contractor at any time during the warranty period, and at the Authority's discretion. Contractor shall thereupon, at the Authority's sole option: (a) repair, replace, or cure the defective goods; or (b) agree to an equitable adjustment in the Purchase Order price.
- 22. WARRANTIES FOR SERVICES.** All Work shall be of high quality and free of defect. Contractor shall promptly correct any defective Work. Payment by Owner for any Work later determined to be defective shall not relieve Contractor of its obligation to correct defective Work. Contractor hereby warrants that all Work is and shall remain free from defect for two years following completion, and upon notice by the Owner, Contractor shall promptly correct such defects appearing within said two-year period. This warranty is in addition to any warranties that may be required by the Contract Documents and by law, and this warranty does not abrogate or nullify any breach of contract claim or other causes of action Owner may have against Contractor.

**23. INDEMNIFICATION AND INSURANCE.** Contractor shall procure and maintain for the duration of the Contract insurance against claims for injuries to persons or damage to property which may arise from or in connection with the performance of the work or in connection with products, materials or services supplied by Contractor, his agents, representatives, employees or subcontractors and maintained for a minimum of (1) year after contract completion. All coverage shall be placed with an insurance company duly licensed in the State where the project is located with an A.M. Best rating of A- or better. A. Minimum Scope and Limit of Insurance: Coverage shall be at least as broad as:

1. METROPOLITAN AIRPORT AUTHORITY OF ROCK ISLAND COUNTY, a municipal corporation, its boards, commissions, agencies, officers, employees and representatives listed as an **ADDITIONAL INSURED** on a primary and non-contributory basis with respect to liability coverage. A notation of this endorsement on the certificate is acceptable.

3. Auto Liability for owned, non-owned and hired vehicles with a Combined Single Limit of \$1,000,000.
4. Worker's Compensation coverage meeting the statutory requirements of the State of Illinois with a waiver of subrogation.

Contractor may achieve the required limits and coverages through a combination of primary and excess or umbrella liability insurance, provided such primary and excess or umbrella policies result in the same or greater coverage as the coverages required and in no event provide narrower coverage. To the fullest extent provided by law, Contractor shall include the Authority, its officers, officials and employees to be covered as additional insureds on all liability policies. The additional insured coverage shall be primary and non-contributory to any of the Authorities general liability and umbrella/excess insurance policies.

Contractor shall cause Contractor's insurance carrier(s) to provide the Authority with a minimum of thirty (30) days written notice of cancellation of policies. Certificates of insurance and requested endorsements shall be provided to the Authority prior to commencement of any work and provided during the renewal period each year. Certificates should reflect the Authority, its officers, officials and employees as additional insured on a primary and noncontributory basis for all liability policies. A waiver of subrogation in favor of the Authority on all liability policies and Workers Compensation policy should also be reflected.

Contractor shall grant to the Authority a waiver of subrogation in favor of the Authority, its officers, officials and employees on all liability policies and Workers Compensation policy. Contractor agrees to obtain any endorsement necessary and provide a copy to the Authority.

To the fullest extent permitted by law Contractor shall indemnify and hold harmless the Authority, its officers, officials and employees from and against claims, damages, losses and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work, provided that such claim, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property, but only to the extent caused by the negligent acts or omissions of Contractor, a Subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss or expense is caused in part by a party indemnified hereunder. In claims against any person or entity indemnified under this section by an employee of Contractor, a Subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, the indemnification obligation shall not be limited by a limitation on amount or type of damages, compensation or benefits payable by or for Contractor or a Subcontractor under workers' compensation acts, disability benefit acts or other employee benefit acts.

**24. BONDS.** The Contractor as principal shall furnish to the Owner as obligee bonds covering faithful performance of the Contract and payment of obligations arising from the Contract. The payment and performance bonds shall strictly comply with the Public Construction Bond Act, 30 ILCS 550/0.01, *et seq.* (the "Act"). The Contractor shall purchase and maintain the required bonds from a company or companies lawfully authorized to issue surety bonds in the jurisdiction where the Project is located. Each such surety shall have a financial strength rating of at least A- as rated by A.M. Best Company, Inc., Moody's Investors Service, or similar agency.

If any provision of any bond purports to shorten the period of limitations and/or the period of repose as provided in Section 13-214 of the Code of Civil Procedure, 735 ILCS 5/13-214, or if any provision of any bond purports to shorten any other applicable statute of limitation or repose, such provision of such bond shall be null and void, but all other provisions of such bond shall remain enforceable. No surety shall assert solvency of its principal or its principal's denial of default as a defense to any claim under any bond furnished. If any surety shall make any assignment for the benefit of creditors or commit any act of bankruptcy, or is declared bankrupt, or if it shall file a voluntary petition in bankruptcy, or shall in the opinion of the Owner be insolvent, the Contractor shall immediately upon request by the Owner furnish and maintain other bonds satisfactory to the Owner. No further payment shall be due nor shall be made to Contractor until the new surety or

sureties shall have met the Owner's qualifications. If at any time the Owner shall become reasonably dissatisfied with any surety, or for any other reason such bonds shall cease to be adequate security for the Owner, Contractor shall, within five (5) days after notice to do so, substitute acceptable bonds in such form and sum and signed by such other surety or sureties as may be reasonably satisfactory to the Owner. No further payment shall be deemed due nor shall be made to Contractor until the new surety or sureties shall have met the Owner's qualifications.

Upon the request of any person or entity appearing to be a potential beneficiary of bonds covering payment of obligations arising under the Contract, the Contractor shall promptly furnish a copy of the bonds or shall authorize a copy to be furnished. The Owner may furnish bonds to any person, at any time, without the consent of the Contractor.

- 25. PATENT WARRANTY AND INDEMNIFICATION.** Contractor warrants that the sale or use of goods being purchased by the Authority herein, either alone or in combination with other goods, will not infringe or contribute to the infringement of any patents, trademarks or copyrights either in the United States or in foreign countries. Contractor agrees to defend, protect and save harmless the Authority, its successors, assigns, customers and users of its goods and those for who the Authority may act as an agent, against all suits at law or in equity, and from all damages and expenses resulting from claims and demands for actual or alleged infringement of any patent, trademark, or copyright by reason of the sale or use of the goods covered hereby. The Authority reserves the right to control or participate in any such infringement action brought against it.
- 26. TITLE TO DRAWINGS, SPECIFICATIONS AND PROPRIETARY DATA.** The Authority shall at all times have the title to all drawings, specifications, dies and other proprietary data furnished by the Authority to Contractor and intended for use in connection with this Purchase Order. For purposes of this paragraph, "other proprietary data" includes, without limitation, all design, engineering and technical information whether patentable or not.
- 27. OWNERSHIP OF WORK PRODUCT.** Contractor expressly acknowledges that all rights, title and interest to all work or work product including, but not limited to, all designs, trademarks, artwork, and subject matter capable of copyright developed or produced under this Purchase Order are the sole property of Authority. Any authorized representative of the Authority shall, at any reasonable time, have the right to inspect and examine such documents or copies thereof when the same are in the possession of, or at the office of, Contractor. Immediately upon completion of the work, all such original documents shall be delivered to the Authority.
- 28. CONFIDENTIALITY.** Other than to the Authority, its designated representatives, or as required by law, Contractor and its employees shall not disclose any nonpublic information obtained during the course of its work under this Purchase Order that relates to matters covered by the Purchaser Order or to the business of the Authority. This provision shall survive the termination of the Purchase Order.
- 29. DEFAULT.** Upon the happening of any one or more of the following events, the Authority shall have the unrestricted right to cancel and terminate this Purchase Order without cost or liability to the Authority: (1) Contractor's insolvency or inability to meet obligations as they become due; (2) filing of voluntary or involuntary petition of bankruptcy by or against Contractor; (3) institution of legal proceedings against Contractor by creditors or stockholders; (4) appointment of a receiver for Contractor by any court of competent jurisdiction. The acceptance of goods or performance after the occurrence of any of the events above enumerated shall not affect the right of the Authority to cancel its additional obligations.
- 30. TERMINATION.** The Authority may terminate this Purchase Order or any project to be performed hereunder for any reason at any time with advance written notice to contractor. In the event of such termination, Contractor shall promptly surrender to the Authority all completed work and work in progress, and all materials, records and notes procured or produced pursuant to this Purchase Order. The Authority shall pay to Contractor the reasonable costs of expenses and services performed up to the date of termination, based upon the percentage of work then completed and Authority shall have no further liability to Contractor, including without limitation, no liability for lost profits. The Authority may terminate this Purchase Order or any project to be performed hereunder immediately, with or without notice, if Contractor defaults on any of its duties or obligations.
- 31. RESPONSIBILITY FOR WORK.** This Purchase Order may not be delegated or assigned by contractor without Authority's prior written consent and any delegation of duties or assignment of rights by Contractor is void unless Contractor has obtained the prior written consent of Authority, which consent may be withheld in the Authority's sole discretion. Contractor is responsible for completing the work. In the event that Contractor desires to subcontract some portions of the Purchase Order work, it shall submit a list of subcontractor(s) to the Authority for approval. The approval of subcontractor(s) by the Authority shall not directly or indirectly release or modify the responsibility of Contractor for the satisfactory and entire completion of the work under this Purchase Order, and each and every part and portion thereof.

- 32. NO PERSONAL LIABILITY.** No director, officer or employee of the Authority shall be charged personally, or held contractually liable by or to *Contractor*, under any term or provision of this Purchase Order or because of any event relating to the provision of goods and/or services, or because of their execution or approval of this Purchase Order or any amendment thereto.
- 33. WAIVER.** The failure of either party at any time to enforce any right or remedy available to it with respect to any breach or failure shall not be construed to be a waiver of such right or remedy with respect to any other breach or failure by the other party.
- 34. INVOICING.** Authority shall pay all amounts due and payable within thirty (30) days after submission of correct invoices and approval of the Authority Board (or consistent with Board policy, as applicable).
